DMA INSTRUCTION 5200.4B

SUBJECT: Safeguarding the Single Integrated Operational Plan - Extremely Sensitive Information (SIOP-ESI)

2. Cancellation. This instruction cancels and supersedes DMAINST 5200.4a, 11 July 1974.

3. Applicability. The provisions of this instruction apply to all personnel of the Defense Mapping Agency (DMA) who have access to the SIOP-ESI program.

4. Policy. DMA Headquarters and Components will comply with the provisions of SM 36-76.

5. Responsibilities.

   a. The HQ DMA Security Office will maintain a current SIOP-ESI access roster for DMA. The office will report to the JCS on all changes in the roster, and will request from JCS any additions or deletions to the approved billet structure. Additionally, the Security Office will ensure that all HQ DMA personnel filling SIOP-ESI billets are properly briefed and debriefed as required, and that appropriate travel restrictions are imposed.

   b. The Components Security Office will maintain a current SIOP-ESI access roster for their Component. The offices will report to the HQ DMA Security Office on all changes in the roster as they occur and will request from HQ DMA Staff Director of Security, any additions or deletions to the approved billet structure. The offices will ensure that all people in their Component filling SIOP-ESI billets are properly briefed and debriefed when required, and that appropriate travel restrictions are imposed.

6. SIOP-ESI Travel Restrictions. Travel restrictions will be imposed for a minimum of one year after a person has had access to SIOP-ESI material. Restricted areas will be the same as noted in DoD Instruction C5210.21, dated 17 December 1973.
7. **Effective Date.** This instruction is effective on issuance.
